

Wi-Fi Services in BC Courthouses as of May 19, 2023

Please find below the list of sites with Wi-Fi services, either the government supported Wi-LAN service or Shaw service. Those sites where Wi-LAN is in progress, but not yet fully implemented are denoted by "(pending)" after the site location name.

Wi-LAN Services	Shaw Open & Shaw Guest Services
<p>The Office of the Chief Information Officer (OCIO) in the Ministry of Citizens' Services has been implementing Wi-LAN services in government facilities around the province. This service is beginning to be installed in courthouses as funding and resources become available.</p>	<p>The Court Services Branch and the Ministry of Technology, Innovation and Citizens' Services reached an agreement on Oct. 31, 2014, to partner with Shaw Communications to install and support WiFi services in 27 locations. This service is available for use by all courthouse participants at no cost. This initiative was a three year collaboration with Shaw Communications and completed in early 2018.</p>
<p>The base Wi-LAN service provides a secured wireless solution, known as BCNGN. This service provides access to the government local area network (LAN) infrastructure and access to government network resources, when authenticating using government supplied IDIR credentials.</p>	<p>Both Shaw Open and Shaw Guest services are available. Shaw Open is for current Shaw clients, and for courthouse attendees that are not Shaw clients, Shaw Guest services are available, once they have created a user account.</p>
<p>As part of the Wi-LAN services a guest service is available for non-IDIR authenticated access, known as DOGWOOD-NGN. This service provides unsecured wireless connectivity for facilitating access the internet while in a government facility equipped with Wi-LAN services.</p>	<p>Shaw Open and Guest services are currently available at these Courthouses:</p>
