

Calling your client using the Teams Video Unit

1. Log onto your MS Teams account on your phone that is connected to Virtual Bail
2. Using the chat function find out from the Sheriff when your client is in a room you can call
3. Press Meet Now on the right side of the touchpanel

4. Type in the Video Unit Teams ID as shown on the posted sheet of Video Unit rooms and click on the room
5. Press 'start meeting' on the right-hand side to call the device

6. When you are done the call, hang up, this will end the call for both participants
